YOUTH THERAPIST

About Domestic Abuse Project (DAP)

DAP has a 40 year history of building communities free from violence by providing holistic healing for every member of the family impacted by domestic violence. We envision communities free of domestic abuse where families experience healthy, safe, and equal relationships. Together we work towards this mission through innovative and proven programs and resources that include crisis resources, advocacy, case management, programs for people who have used abusive behaviors, programs for victim survivors, and youth and early childhood therapy and prevention. Through our holistic programs we aim to interrupt the intragenerational cycle of violence.

At DAP our team has the opportunity to meet clients where they are, working with systems partners but with the autonomy and experience to continue to evolve our work to be effective, culturally responsive and relevant to the changing needs of the individuals and communities that we serve. We value equity with a commitment to anti-oppression and anti-racist practices, cultural connectedness, collaboration, using a growth mindset in our work together, prioritizing the needs of clients, fostering learning, and a trauma informed lens. Understanding the challenges of this work, DAP is responsive to the needs of our team and offers exceptional benefits and wellness supports for our employees, reasonable case loads, continuing education, and a supportive work environment.
