

DAP

DOMESTIC ABUSE PROJECT

CAREER OPPORTUNITY CHANGE STEP™ THERAPIST

POSITION OVERVIEW

DAP is currently seeking a full time Therapist in our Men's Program. This position primarily works with men who have used abusive behavior and have/are currently serving in the military. The role would entail facilitating group psychotherapy utilizing our Change Step™ model of practice, which is a culturally specific curriculum for engaging in nonviolence from a military perspective.

Our perspective about ending domestic violence is that violence is learned and can be unlearned through the development of insight and movement around core beliefs; accountability and restorative justice for one's actions and the impact of domestic violence on the self, family and community; and learning skills to engage in depthful self-reflection and healthy relational behaviors. While our program predominantly focuses on group interventions, we also provide individual psychotherapy to supplement the group experience and for those who complete our program and are motivated to continue learning and growing to making long lasting relational changes for themselves. Our goal is to help every member of our program succeed by providing services that will best meet the needs of the person, from a holistic perspective. It is essential that the value of meeting people where they are in their healing journey is upheld and honored from the time of intake throughout the time of programming at DAP.

In this role, the Change Step™ Therapist will provide group and individual therapeutic services, complete diagnostic assessments and measurements, engage in coordination of care through regular collateral contact with our community partners and maintain accurate and up-to-date client files.

In addition, this therapist will participate in program development, case consultations, weekly meetings and trainings, either a monthly white accountability or Black, Indigenous, Person of Color (BIPOC) group, as well as community outreach when appropriate. Lastly, this position requires regular reflection and discussion around power and privilege, power and control, witnessing and experiencing domestic violence and sexual assault, toxic masculinity, historical and intergenerational trauma, parallel process of DV dynamics and secondary trauma as integral to effective service delivery.

DESIRED QUALIFICATIONS

- MN Licensed required - Master's Degree in Social Work, Marriage & Family Therapy, Psychology, or Clinical Counseling or practitioner working towards licensure in one of these fields.
- Previous experience working with individuals who have used violence is preferred.
- Military experience is preferred.
- Ability to work with people from diverse racial, cultural, and social-economic backgrounds
- Willingness to engage in reflection on power and privilege as it relates to work with communities impacted by domestic violence.
- Organized, collaborative, team oriented, growth-mindset, reflective, creative, self-starter, good communication skills, and capacity to follow through on tasks and responsibilities with minimal oversight.
- Bilingual applicants, men, and BIPOC applicants encouraged to apply.

SALARY AND BENEFITS

Salary: \$40,000 - \$50,000 DOE

Benefits: DAP offers health insurance, generous paid time off, flexible work schedules, flex spending account for health and dependent care, life insurance, short term disability insurance, continuing education and wellness programs for employees working 35+ hours.
